Trail Etiquette

- **All trails are open from sunrise to sunset**, unless otherwise posted.
- **Share the trail!** Trails are for non-motorized uses only. Pay attention to signs, as some trails are restricted to pedestrians only.
- **Be courteous and respectful of other trail users**, regardless of their mode, speed or skill level.
- **Yield when entering or crossing trails.** When crossing a trail at uncontrolled points, yield to traffic on the trail.
- **Keep right; pass on left.** Stay as close to the right-hand side of the trail as is safe, except when passing. Faster traffic is responsible for yielding to slower, oncoming traffic.
- **Give a ring or call out when passing.** Bikes should be equipped with a bell to alert other trail users that you are about to pass. Bicyclists must yield to pedestrians.
- **Travel in a consistent, predictable manner.** Check behind you before you change position on the trail.
- **Do not block the trail.** When in a group (including pets), use no more than half the trail, so that others may pass.
- **Clean up litter.** Take anything you bring onto the trail back with you. Pack out any garbage, or deposit trash in a trash can.
- **Trail design limitations.** If your speed or style endangers other users, find alternate routes better suited to your needs. Selecting the right location is safer and more enjoyable for all concerned.
- **Be quiet on nature trails.** To increase your chances of spotting animals, be quiet so as not to scare them away.
- **Stay on the trail for your own safety.** This will also help protect plants and animals that live near the trail.
